PIOMBO HM05

Piombo is a matt surface for furniture and interior design. Innovative acrylic resins, applied using Electron Beam Curing, mean that Piombo reflects very little light - hence the opacity - while at the same making it anti-fingerprint, soft to the touch and highly resistant to scratches. Available as faced panel, laminate and edge it is a sophisticated and coordinated surface for furnishings and interiors, either vertical or horizontal.

FACED PANEL

Core: MDF
Thickness: 19 mm (12 mm and 22 mm on request)
Format: 3050 x 1300 mm
Back: melamine Seta texture
